Deputy Superintendent

On January 12, 2023, the Board of Education adopted modifications to Policy 9280 School Use of Community or Reportable Offenses. The policy and implementation procedures were modified to align with House Bill 146. Language was added to clarify that a reportable offense only applies to student conduct off school property/non-school events. Modified language was included to clarify the requirement to invite the student's attorney to participate in the conference between student, parent, and principal or Superintendent and the manifestation determination review, if a student is removed or excluded from their regular school program for a reportable offense.

On April 13, 2023, the Board of Education was provided modifications to Policy 8020 Grading and Reporting: Middle and High School, Implementation Procedures. The modification provides greater detail for grade change procedures and clarity throughout.

Additionally, on April 13, 2023, the Board of Education adopted modifications to Policy 10040 Charter Schools. The policy and implementation procedures were modified to update language, definitions, and references and to align with current best practices.

The changes are effective immediately. These policies and implementation procedures in their entirety can be accessed on [BoardDocs](#) and the [HCPSS website](#).
