**I. Annual Notification**

- A. The HCPSS will publish attendance information annually in the Student/Parent Handbook and post current attendance guidelines and procedures on the school system's website.
- B. The principal will inform all students, parents, and employees of the provisions of this policy annually and at other times as appropriate. This may be done in the following ways:
  - 1. Making announcements via the public address system at the beginning of the school year.
  - 2. Publishing the information in school newsletters and on approved electronic communication platforms.
  - 3. Publishing the information in employee/student handbooks.
  - 4. Posting the information on a bulletin board and/or school's website.
  - 5. Making the information available for new students through the registration process.

**II. School Procedures**

Recognizing administrators' and teachers' responsibility for maintaining a system to record and report student absences (lawful and unlawful/excused and unexcused), the following procedures are required for all schools:

- A. Monitoring of Attendance:
  - 1. Teachers will maintain daily/period attendance records for all students and report tardiness and absence information as well as suspected trancies to attendance reporting personnel. This information will be entered into the student information management system by the end of each period and serve as the attendance source document. The attendance source document is the documentation substantiating a student's attendance. The document must include school name, school year, teacher's name, student's name, consecutive and chronological dates and a clear indicator of present, absent, and tardy with a legend for the indicators. These elements are required for the Maryland State Department of Education September Enrollment Audit.
  - 2. Attendance personnel will use the following guidelines for determining full day absent, full day present and half day present:

- a. **Students Scheduled for a Full Day**  
A student is counted present for a full day if the student is in attendance four hours or more of the school day. A student is counted present for a half day if in attendance for at least two hours of the school day, but less than four hours.
- b. **Students Scheduled for a Partial Day**  
A student scheduled for less than a full day is to be counted present based on the amount of time the student is scheduled.
  - i. Students enrolled in less than a full day of classes must be present for their full defined day in order to be credited with a full day present.
  - ii. Students enrolled in only one class must be present for the full class in order to receive a full day present, otherwise they are marked absent.
  - iii. Students enrolled for a partial day must be present for at least half of the scheduled hours to receive credit for a half day.
3. Any student who participates during the school day in a school-sponsored activity which is approved by the Superintendent or the principal, or any persons duly authorized by the Superintendent/designee or principal/designee will be considered in attendance at school. This means that when a student is involved in an approved school sponsored activity during the day, he or she is to be counted “present” and coded as lawfully absent for the time missed eg., GT seminar, sectionals, field trips.
4. Students reporting late to school/class when the day/period begins are considered tardy. Leaving school/class before the day/period ends is considered early dismissal. School personnel will designate tardiness and early dismissal as lawful or unlawful and treat it under the same criteria as a lawful or an unlawful absence. Missing class for more than 20 minutes will be treated as an absence for that class. Missing class for more than 35 minutes of a 90 minute class will also be treated as an absence for that class.
5. Designated school personnel will contact the parent when a student is absent for two or more consecutive school days or when truancy is suspected.
6. The school must receive notification from the parent or physician explaining the absence/tardiness of a student within five school days of the student’s return or the absence/tardiness will be unlawful/unexcused. Emancipated students may be allowed to write their own notes to verify a lawful absence. When a doctor’s note for chronic illness has been required and not provided within five school days of the student’s return, the absence/tardiness will be recorded as unlawful/unexcused until a doctor’s note is provided.

7. All schools' report cards will report numbers of days present and absent from school. High school report cards will also report numbers of absences from each period.
  8. Schools (Instructional Intervention Team/Student Support Team) will provide supports/interventions through the problem solving team for students who are habitually late or absent to school/class.
- B. Retention of Attendance Source Documents:  
Documentation substantiating attendance must be retained for three school calendar years in accordance with the Maryland State Department of Education Student Records System Manual.
- C. Retention of Other Documents Related to Attendance:  
Tardy logs, early dismissal logs, and parent notes will be retained for three years in a secure location.
- D. Entry and Exit for Purposes of Enrollment:  
School employees responsible for maintaining enrollment and attendance information will record entry and exit codes on the Student Record 1 card (Attendance Card) according to standards described in the Maryland Student Records System Manual. In addition, entry and exit codes must be entered into the student information management system when a student enters or leaves the school.

In accordance with Standard B. of Policy 3000 Religious Observances, parents/students may request an accommodation to meet a religious obligation that cannot be fulfilled except during the school day.
- H. State emergency – The Governor/designee makes these determinations.
- I. Suspension – Suspension is the denial of a student's right to attend regular classes or school for a specified period of time for cause as outlined in Policy 9200 Student Discipline.

Note: Suspension is a lawful/excused absence and the days of suspension status cannot be used when determining “habitual truancy.”

- J. Lack of authorized transportation – A student may be excused when school system authorized transportation is not available for reasons beyond the student’s control. This does not include students denied authorized transportation for disciplinary reasons.
- K. Other emergency or set of circumstances, which, in the judgment of the Superintendent/designee, constitutes a good and sufficient cause for absence from school. The principal, in consultation with the Community Superintendent or designee, as appropriate, will determine whether absences are excused under this provision.

- 1. Absences of an Emergency Nature

Such absences will be reviewed by the principal in consultation with the administrative directors to determine whether the absences will be lawful/excused or unlawful/unexcused.

- 2. Deployment Related Absences

Deployment related absences will be excused for the purpose of visiting with a parent who is an active duty member of the uniformed services and has been called to duty for, is on leave from, or immediately returned from, deployment to a combat zone or support posting.

3. Absences for Discretionary Days

- b. Such absences may not occur during exam or state-mandated testing periods unless authorized by the principal/designee.
- c. For absences of up to 3 days per year, the principal will determine whether the absences will be lawful/excused or unlawful/unexcused.

Such absences may include, but are not limited to, the following events directly involving the student:

**IV. Unlawful/Unexcused Absence**

An absence for any reason other than those cited as lawful are presumed as unlawful and may constitute truancy (COMAR 13A.08.01.04).

- A. Teachers may assist students with make-up work when a student has an unlawful absence, however, students will not receive credit for such assignments.
- B. Continuing unlawful absences and/or tardiness of the student will result in the initiation of one or more of the following actions:
  1. Student conference
  2. Parent contact
  3. Attendance contract
  4. After school detention
  5. Saturday School
  6. Exclusion from activities
  7. Removal of school privileges

- D. Students with unlawful absences of 10 consecutive school days or more will be withdrawn from school and may be allowed to re-enroll, provided they meet enrollment requirements, upon their return. Upon expiration of the 10-day window, the student will be withdrawn and the date of the exit will be the first day after the last day of attendance. Teachers will not be required to provide make-up work during this time of absence. For these absences to be considered as lawful, parents will need to exercise the option outlined in Section III. of these procedures.
- E. For students receiving special education services and exhibiting behaviors outlined in Sections IV.C. and/or D. of these implementation procedures, the Individualized Education Program (IEP) TEAM, in consultation with the Department of Special Education, must conduct an IEP meeting to determine if the IEP remains appropriate.

- B. The HCPSS attendance strategies will be implemented school-wide to encourage attendance for all students.
- C. Interventions will be put in place for students who need more support to avoid or improve chronic absenteeism.

1. An attendance team or SST to further monitor student attendance.
  2. Use of a Pupil Personnel Worker to visit home.
