Circular No. 9
Series 2017-2018

August 2, 2017

Chief School Management and Instructional Leadership Officer

Community Superintendent Area Assignments

To: All Staff

From: Frank V. Eastham Jr., Chief School Management and Instructional Leadership Officer

The new organization of the Division of School Management and Instructional Leadership, formerly School Administration, provides a flatter leadership model that fosters cross and vertical collaboration and opens lines of communication at all levels throughout the school system. With a focus on instruction, as a birth through graduation continuum, the new structure better positions the school system to address and overcome factors that contribute to the achievement gap.

The area assignments for the three Community Superintendents and Performance, Equity, and Community Response Officers are attached to this circular.
